Airgain

AirgainConnect®

HPUE Antenna-Modem for Fire Departments

The AirgainConnect Advantage:

- The first and only antenna-modem built for the high-power user equipment (HPUE) solution on first responder frequencies
- Integrates a 31dBm high-power modem with omnidirectional LTE antennas
- Ruggedized antenna-modem includes Wi-Fi and GPS/GNSS antennas

---

Benefits:

- Up to 2x greater range for more reliable wireless connectivity
  - Increases coverage, throughput, and building penetration
- Improves and extends connectivity for CAD and Firehouse 24/7 apps
- Improves and extends connectivity in challenging coverage areas
- Connects to router or directly to laptop via ethernet
- Eliminates signal power loss over coax cables
- Compact 6-in-1 footprint
  - LTE x3, Wi-Fi x2, GPS x1
